ARDEX ACP 25

Tile and Grout Heavy Duty Problem Solver

DESCRIPTION

ARDEX ACP 25 Tile and Grout Heavy Duty Problem Solver is a concentrated, heavy duty acidic cleaner designed as a problem solver and remover for surfaces. Effectively removes excess cement based tile adhesive, cement based grout and cement based grout haze, mould, stains, soap scum, rust stains, mineral deposits and efflorescence.

USE

Internal and external domestic, commercial and industrial environments.

ARDEX ACP 25 Tile and Grout Heavy Duty Problem Solver is acid based and effective for the removal of difficult soils in problem areas.

Ceramic tiles, porcelain tiles, quarry tiles, slate, stone, terracotta, terrazzo, granite, cement, pavers, cement based grout, epoxy based grout, dispersion grouts.

Can etch, lighten or change the colour of cementitious materials, glazes and some natural stones and cannot be used on coloured concrete, dyed granite and acid sensitive stones such as marble, limestone and travertine.

Concrete and grouts should be fully cured before using this product. Use the product with care on these surfaces, ensure test area prior to application.

MIXING

For most applications: 100ml per 1L of water
For heavy duty performance: 200ml per 1L of water.

DIRECTIONS

1. Before the first application of ARDEX ACP 25 Tile and Grout Heavy Duty Problem Solver, test a small amount of product in an inconspicuous area to ensure the desired result is achieved.
2. Dilute ARDEX ACP 25 Tile and Grout Heavy Duty Problem Solver with water using mixing chart. Use hot water for best results.

3. Sweep, vacuum or dust the surface prior to application. For general cleaning, apply the cleaner with a mop. For stubborn dirt, use an appropriate scourer or scrubbing pad that is suitable for the tiles being cleaned. Ensure you don't scratch the tile surface.

PRECAUTIONS

Use of ARDEX ACP 25 Tile and Grout Heavy Duty Problem Solver will reduce sealer effectiveness and may require reapplication of the sealer if present.

Not suitable for areas with grout paint, ensure a test area or contact ARDEX Technical Services. Do not allow this product to contact acid sensitive surfaces. Do not mix with bleach or chlorinated products.

PACKAGING

ARDEX ACP 25 Tile and Grout Heavy Duty Problem Solver is available in a 1L container.

SHELF LIFE

ARDEX ACP 25 Tile and Grout Heavy Duty Problem Solver has a shelf life of 24 months when stored in the original packaging, in a dry place at 23°C and 50% relative humidity.
