

DESIGNED FOR SPEED AND FUNCTIONALITY

# EASY TROWEL.

## TILE EASY WITH ARDEX EASY TROWEL.

PERFECT FOR LARGE FORMAT OR LARGE AREA JOBS.

**ARDEX EASY TROWELS**, available in 10mm and 12mm notch size have been designed by a local tiler for the comfort and functionality of the tiler.

Narrower teeth allow the tile adhesive to be spread more easily making it far less strenuous on the body and much easier to bed the tile and with getting optimal adhesive coverage on the back of the tile.

ARDEX Easy Trowel is a high quality, high grade stainless steel, 9 rivets, comfort rubber grip, brushed shaft for better grip with wet or dirty hands and a design that makes it faster and easier to lay tiles. **Too Easy.**
